SAFE FEDERAL CREDIT UNION

Member Service & Loan Interviewer Manual

Membership

I. Membership Eligibility Guide

A. An overview of the groups included in our Charter.

Our field of membership is made up of different categories including, but not limited to, city, county, state and federal government; educational, religious, military, community and industrial employee groups.

Members of the US Armed Forces, active or retired, or their dependents or dependent survivors who are eligible by law or regulations to receive benefits or services from Shaw AFB or other military installation listed in the charter are eligible for membership. See P:\SEG Listing for a complete searchable list of member groups.

All people who live, work, worship, or attend school in, and businesses or other legal entities located in Clarendon, Lee and Sumter counties are eligible for membership. (Underserved Designation) People in certain areas (census tracts) of Florence, Kershaw, Richland, and Lexington Counties are also eligible for membership under the underserved designation. Richland and Lexington qualifying census tracts will be referred to as the Greater Columbia Underserved Area. A listing of eligible census tracts for these four counties is given in section B.

Persons retired as pensioners or annuitants from any employee group in our field of membership are eligible for membership regardless of their current residence location. This means that the person must have retired from the specific location that is within our field of membership rather than the corporate entity. Retirees from the corporate entity who move to our area would not qualify under the employee eligibility.

Any immediate family or household member of the eligible sponsor is eligible to become a member regardless of whether the sponsor joins the credit union or not (**Exception: Those eligible by “Underserved” designation above must join before immediate family is eligible.**) "Immediate family" consists of spouses, children, siblings, parents, grandparents, grandchildren, stepparents, stepchildren, stepsiblings and adopted children. A "household member" is an individual living in the same residence maintaining a single economic unit. Participating indicates that they do something, whether it is household duties or providing income. Once the immediate family member has joined then their immediate family is eligible to join also.

In addition to the eligibility requirement, membership requires a one time \$5.00 membership fee and a \$5.00 share deposit. Once a person becomes a member, they may remain a member as long as they maintain a \$5.00 minimum share balance and make at least one transaction per year to keep the account active.

Groups who wish to apply for membership should obtain an application and sample letter from the Marketing Department or download the documents from our website. The letter should be reproduced on the company's letterhead and returned to SAFE along with the completed application. The request will be processed through our Board of Directors and the National Credit Union Administration for approval.

B. Qualifying Applicants in the Florence County, Kershaw County, & Greater Columbia Underserved Areas

Anyone who lives, works, attends church or school, in specific census tracts is eligible for membership. Try to determine eligibility first through the employer, then through family or household member, and lastly through the underserved designation. The qualifying census tracts are listed below. Since most people do not know which census tract they live in, the following website and instructions can be used to determine eligibility.

1. Go to Web address: www.census.gov . (Add this page to "My Favorites" or right click on it to add an icon to your desktop.)
2. Click on "American Fact Finder" on the left side of the screen.

3. Scroll down to the “Search Box” on the bottom-left side of the next screen and click on the “street address” hyperlink.

4. On the next screen type in the actual physical address of the applicant and click “Go”
 - a. Do NOT enter post office boxes, rural route numbers, and apartment or suite numbers.
 - b. An acceptable street address can be an intersection. (Ex: Wesmark Blvd and Alice Dr)
 - c. Try entering the street name instead of the highway number. (Ex: Enter Broad St instead of Hwy 378)
 - d. There will be instances where the mapping program will not be able to locate a specific address, even after trying all the options listed above. In that situation, try locating the address by using the maps provided to each branch for this purpose. While you cannot locate actual house numbers on a specific street using the map, you should be able to locate the closest intersection to the address in question.

- ON the next screen, the box at the bottom of the screen gives geographical information about the address you entered. The first four lines give the state, county, county subdivision and **census tract number** for the address. Simply verify that the census tract number listed on the screen appears on the following list. If it appears on the list, the applicant is eligible for membership.

6. **FLORENCE** Census Tract Numbers:

5	7	8	9	10
11	12	18	19	20
22.01	22.02	23	24	26
