To whom it may concern:

I have been ordered to active duty status pursuant to the attached orders. I am currently obligated to SAFE Federal Credit Union for the above listed debt incurred PRIOR to my active military service. I wish to avail myself of the protections of the Servicemember's Civil Relief Act (SCRA), and request the Credit Union reduce my current interest rate on above listed obligation(s) to 6% in accordance with the requirements of the Act. I understand the Servicemember's Civil Relief Act (SCRA), provides for a ceiling of 6% on annual interest on any obligation under the circumstance described in the preceding paragraph. The interest rate is to be maintained for the entire period I am on active duty. The 6% cap includes all service charges, renewal charges and fees. Any interest above the statutory ceiling will be forgiven, not accrued. I understand the interest rate may be returned to the original rate once I am no longer serving on active duty status.
